Education Celebrations
at
THE CENTER FOR BIRDS OF PREY

Celebrate a birthday or other occasion with a close encounter with some of the earth’s most powerful and majestic predators - the raptors. During an Education Celebration, participants will not only learn about the specialized adaptations of these remarkable animals and their importance in our everyday lives, but will also have the opportunity to celebrate their special day in the great outdoors!

Educate! Engage! Inspire!

With one of the Center’s Educators, investigate natural history artifacts such as feet, feathers and wings of various birds of prey, and encounter owls up close while learning about the unique adaptations of these silent and fascinating predators.

Watch as the Center’s Avian Flight Team captivates participants with specialized flight and hunting displays. See a falcon dive at speeds of more than 100 MPH. Listen closely as an owl glides silently by. Watch as trained eagles and vultures soar with wild raptors above the Center’s flying fields. Each flying demonstration includes a period for questions and an up-close visit with the flying team birds. Photographs are welcome as well.

Contractual Details:

- Your fee includes access to the Center for the entire day so feel free to add a self-guided tour of our resident aviaries to your plan.
- You may serve refreshments and open presents while enjoying nature in one of our outdoor spaces.
- We can provide one 6’ table, one large garbage bin, and one recycling bin for your use, so please let us know in advance if you would like these set up as part of your Education Celebration. You will be responsible for cleaning up all garbage and food debris. You may arrive up to one hour prior to your program to set up.
